PROFESSIONAL SUMMARY

Recent Computer Information Systems graduate with hands-on experience in software development, database design, SQL optimization, and business analysis. Proficient in C#, Java, SQL, JavaScript, PHP, and MySQL with full Software Development Life Cycle (SDLC) experience. Skilled in developing database-driven applications, optimizing queries and stored procedures, and translating business requirements into technical solutions. Strong analytical, problem-solving, and communication skills with experience working in Agile team environments.

TECHNICAL SKILLS

Programming Languages: C#, Java, SQL, JavaScript, PHP

Databases: MySQL, Database Design, Query Optimization, Stored Procedures, Data Modeling

Web Technologies: HTML, CSS, JavaScript

Tools & Platforms: Git, GitHub, Visual Studio, Windows Forms, Microsoft Excel, SAS

Methodologies: SDLC, Agile, Scrum, CRUD Development, Requirements Gathering, Testing, Technical Documentation

EDUCATION

PennWest California (formerly California University of Pennsylvania)
Bachelor of Science, Computer Information Systems | May 2026
GPA: 3.65

PROJECT EXPERIENCE

Kiczan Production Information System (Senior Capstone Project)

Technologies: C#, MySQL, SQL, GitHub

- 1 Developed a database-driven production management application utilizing C# and MySQL.
- 2 Designed and implemented complete CRUD functionality supporting business operations, reporting requirements, and data management workflows.
- 3 Authored and optimized SQL queries, stored procedures, and database scripts to improve performance, maintainability, and data integrity.
- 4 Designed relational database structures supporting reporting, workflow automation, and business process requirements.
- 5 Participated in all phases of the Software Development Life Cycle (SDLC).
- 6 Created wireframes, project charter, design specifications, technical documentation, and end-user manuals.
- 7 Delivered bi-weekly sprint presentations and project demonstrations.
- 8 Collaborated using GitHub version control and Agile methodologies.

PROFESSIONAL EXPERIENCE

D-Generation Next Games LLC

Sales & Operations Associate | Aug 2020 – Jul 2025

- 1 Analyzed sales trends and inventory data to improve inventory turnover by 25%.

- 2 Increased inventory accuracy by 10% through effective use of Clover POS reporting and inventory tracking tools.
- 3 Generated a 15% increase in add-on sales through customer engagement and recommendation strategies.
- 4 Increased community engagement by 30% through planning and managing competitive gaming events.
- 5 Utilized sales reporting and business data to support purchasing decisions and improve operational efficiency.
- 6 Developed strong communication, leadership, problem-solving, and customer relationship management skills.
